Kyle Pierce Files to Run for State Representative

Anderson, Ind. – Kyle Pierce, a pragmatic Hoosier focused on championing higher-paying jobs, delivering more money to the classroom, and making government more transparent, has filed to run for State Representative in House District 36.

“Citizens of House District 36 deserve a State Representative who will work every day to protect manufacturing jobs and to attract high paying industries. My experience as former Deputy Director of the Indiana Medical Device Manufacturers Council will allow me to focus on job creation for Hoosiers starting on day one,” Pierce said in a statement released Monday.

“I will fight to direct more education dollars to the classroom where it will work for Hoosier children and their families – while also fighting against funding special interests,” Pierce added.

Pierce concluded, “I look forward to meeting voters on their doorstep in the coming months to share ideas. The best proposals always come from the hard-working members of our community.”

Kyle Pierce is a proud grandson of two lifelong General Motors employees and was born and raised in Central Indiana. Pierce is a graduate of Ball State University. He and his fiancée live in Anderson.
